Lindo Camellias

There is probably no more beautiful more satisfactory, more easily grown flowering shrub than the Lindo Camellia. Surely none presents a greater or more pleasing variety of beautiful color.

From a beginning which bordered closely upon the ordinary, we have, by thirty years of study, experiment and culture, developed a collection of these shrubs which is truly amazing in its variety and beauty. Our methods make Lindo Camellias one of the most easily grown flowering plants.

Our collection now exceeds three hundred and fifty varieties and is undoubtedly the finest in the West. It is difficult for anyone who has not visited our gardens to visualize the great variation of color, texture, size and blooming season of these plants. All shades of red, pink and white and all combinations of these colors are evident.

And the attractiveness of Lindo Camellias is not confined to their beauty for landscaping and garden decoration. No flower presents greater possibilities for personal adornment or home beautification. Their almost limitless variety of color and size give unlimited opportunities for the expression of personal tastes in color and form combination.

On the following pages of this folder is a list giving the prices of the various sizes and various varieties of Camellias now in our gardens. Descriptions are also included, and condensed instructions on how to most successfully grow Lindo Camellias.

We invite inquiries and correspondence.

Lindo Nursery
CHICO, CALIFORNIA

RETAIL PRICE LIST FOR *Lindo Camellias* LINDO NURSERY, CHICO, CALIF.

Brief Descriptions of Lindo Camellias

These Plants are Practically Always Available in the Sizes Listed and in Almost Any Desired Quantity.

- Angelo Cochet**—Symmetrically formed, predominantly white with deep pink blotches radiating from center, medium large.
- Anna Frost**—Similar to Comte De Gomer.
- Anne Lindberg**—Deep red peonia form showing stamens, medium large.
- Aspacia**—Deep red, large irregular with an occasional white blotch.
- Auguste Delfosse**—Double carmine red, large full flower.
- Belgian Red**—Medium clear red, full double symmetrical form, medium large.
- Belle Jeanette**—Deep pink with white blotches, full double, rather flat, symmetrical, medium large.
- Brooks Variegated**—Symmetrical white flower heavily variegated with deep pink.
- Campbell**—Deep pink, double irregular form showing stamens, large, profuse, dense shrub.
- Candida Elegantissima**—Deep pink blotched with white, semi double, irregular form, extremely large.
- Chancellor**—Peonia type, medium to deep pink with white, medium size.
- Chandleri Elegans**—Deep pink, blotched with white, semi double pompon centers, extremely large.
- Clevana**—Red, large peonia form.
- Cheerful**—Red, double showing stamens, symmetrical, medium large.
- Colonel Firey**—Red, extreme double, very symmetrical, large.
- Comte De Gomer**—Delicate pink background penciled and specked with old rose, full double, symmetrical medium large.
- Dalkaguara**—Deep pink, double irregular form, large.
- Dalkaguara Var.**—Same as above except for white blotches, sometimes extremely variegated.
- Dante**—Pure white, full double symmetrical, serrated petals, medium large.
- Donkilar**—Red blotched with white, sometimes solid red, sometimes extremely variegated, semi double, symmetrical form showing stamens, large.
- Duc De Bretagne**—Pink, semidouble, small.
- Elena Nobile**—Bright red, full double large.
- French Peonia**—Deep pink, double, symmetrical medium large.
- Grandiflora Rosea**—Deep pink semi double showing prominent stamens, extremely large.
- Gulfoliis Halena**—Symmetrical form, full double, large, medium pink heavily streaked and striped with deeper pink.
- Hikari Gengi (Herme)**—Three distinct colorings from delicate to deep pink, double irregular form showing stamens large.
- Imperator**—Pompon type, medium large, deep red.
- Jennie Lind**—White with occasional pink penciling, full double symmetrical form, medium large.
- John Laing**—Pink, full double, symmetrical, medium large.
- Kumasaka**—Deep pink, petals beautifully veined, double irregular form showing stamens, large.
- Lucida (Cheerful)**—See Cheerful.
- Mme. Faucilon**—Light rose pink, symmetrical, medium flower.
- Madam Labois**—Deep red, double, symmetrical, medium large.
- Marle Moren**—Rose pink, double irregular form showing stamens, medium large.
- Mathotiana Alba**—White, occasionally a pink spot appears on a flower, extreme double, symmetrical, extremely large.
- Nlege De Oree (Purity)**—Pure white fully double, symmetrical, medium large.
- No. 8**—Loosely formed peonia type, bright red showing stamens, medium size.
- No. 10**—Pompon type—Light pink heavily flecked with white.
- No. 11**—Similar to No. 10 with slight color variation.
- Nobelissima**—Pure white, double irregular form with pompon centers, showing stamens when fully open, medium large.
- Peoniflora**—White with pink blotches extremely large with large compact pompon centers, very irregular form.
- Pink Hikari Gengi**—Similar to Hikari Gengi except color which is deep pink!
- Pink Perfection**—Delicate pink, full double, symmetrical,
- Pope Pius IX**—Symmetrical flower, extremely double, very large, rich red orange.
- Pride of Rosebud Farm**—Red with a few white blotches, semi double with many stamens, large.
- Professor Sargent**—Similar to Warrata but larger.
- Rainy Sun (second section).**

- Mathotiana Alba**—White, occasionally a pink spot appears on a flower, extreme double, symmetrical, extremely large.
- Nlege De Oree (Purity)**—Pure white fully double, symmetrical, medium large.
- No. 8**—Loosely formed peonia type, bright red showing stamens, medium size.
- No. 10**—Pompon type—Light pink heavily flecked with white.
- No. 11**—Similar to No. 10 with slight color variation.
- Nobelissima**—Pure white, double irregular form with pompon centers, showing stamens when fully open, medium large.
- Peoniflora**—White with pink blotches extremely large with large compact pompon centers, very irregular form.
- Pink Hikari Gengi**—Similar to Hikari Gengi except color which is deep pink!
- Pink Perfection**—Delicate pink, full double, symmetrical,
- Pope Pius IX**—Symmetrical flower, extremely double, very large, rich red orange.
- Pride of Rosebud Farm**—Red with a few white blotches, semi double with many stamens, large.
- Professor Sargent**—Similar to Warrata but larger.
- Rainy Sun** (second section).

Red Clarke—Deep rose pink, fully double, symmetrical, medium large.

Red Eagle—Very large pink semi double showing stamens.

Red Walker—Deep pink, medium large, peonia type.

Rev. John Bennett—Semi double salmon pink, stamens.

Rosita—Medium size symmetrical, rose pink.

Somegawa—Symmetrical, full double, white background heavily variegated with deep pink stripes radiating from center.

St. Andre—Red, pompon center, medium.

Stillson Vallevedra—Medium pink, with white blotches, extreme double, very symmetrical, large.

The Dove—Small white loosely formed flower showing stamens.

Tricolor—Semi-double, medium large. Three shades of pink radiating from center. General color, medium pink.

Triumphus—

Vallevedra—Deep pink outer petals shading to light pink inner petals, extreme double, very symmetrical, large.

Governor Variegated—Pale pink striped with red, symmetrical, medium size.

Variegated Bidwell—Semi double white, pink stripes, medium large.

Wakanoura Variegated—Semi double regular form, white variegated with deep pink stripes, high centered.

Warrata—Very deep red, double having an outer row of petals enclosing a compact pompon, very irregular form, medium large.

Warrata White—Similar to Warrata except for white color.

Wm. S. Hasti (Mathotiana Rubra)—Extremely large double red, symmetrical form showing stamens.

Descriptions of Unlisted Varieties

Belle Romana—Large, symmetrical light pink, extremely striped and splashed with crimson.

Christmas Red—Small red single flower, yellow stamens.

Countess of Derby—

Countess of Orkney—White, pink stripes.

Dorsii—

Duke De Orleans—

Elata—

Fanny Bolis—Similar to Candida Elegantissima.

Fimbriata Plena (Fimbriata Alba)—Pure white petals fimbriated or fringed, symmetrical, medium large.

Glorie De Nantes—

Governor Mouton—

Great Eastern—Very dark red, occasional white spot, peonia form, medium large.

Hollyhock—

Imperator—Very large double Christmas Red, irregular form showing some stamens, medium large.

John G. Drayton—Pure white double loosely formed, symmetrical flower showing stamens, large.

Lady Hovey—

Lady Vansetti—

Lavina Niggi—White, red stripes.

Lena Superba—Large semi double red.

Matsukasa (Pine Cone)—Deep pink blotched with white, very high centered, symmetrical form.

Montironi—Extremely large, white, sometimes streaked light pink.

Mrs. Abby P. Wilder—Medium pink peonia type, medium large.

Mrs. H. B. Streeter—

Nonpareil—

Panache—Medium size, full double, pale pink striped deep pink.

Pink Star—Light pink semi double showing stamens, large.

Prof. Sargent—Double, crimson peonia form.

Rainy Sun—Deep pink semi double showing stamens, large.

Reines Des Fleurs—Large double, high centered, red streaked white.

Rouge—

Rubra Virginalls—

Sarah Frost—Small symmetrical red flowers.

Soucholei—

Thompsoniana—Delicate pink speckled with deep pink, double irregular pompon type, medium large.
